Subject: Noxious Weed Control

Dear Iron County Resident,

I hope that you had a joyful and relaxing holiday season. As the winter season is coming to an end and spring approaches, we would like to remind all landowners of Iron County to be vigilant in treating noxious weeds. The *State of Utah Noxious Weed Act* mandates that landowners control weed species on their property. To assist with this effort, our area has several private weed control contractors whom property owners can enlist at their own expense to help control invasive and listed noxious weeds.

When engaging a private contractor, it is important to hire a reputable company licensed by the Utah Department of Agriculture and Food. You can verify licenses at:

<https://webapp.ag.utah.gov/LicenseLookup/licenseList.jsp>

Additionally, the Iron County Weed Department may be available for contracting by private landowners with large property parcels to control Utah-listed noxious weeds. The fee schedule from Iron County is as follows:

- **Rate:** \$40.00 per hour plus the cost of chemicals.

County assistance will depend on the scope of the project and staffing available.

We hope that this information helps you in your efforts to control noxious weeds on your property. Please feel free to reach out if you have any questions or need further assistance.

Thank you for your attention to this matter.

Wishing you a wonderful year ahead!

Sincerely,

Amber Hatch,

Iron County Noxious Weed Supervisor

1302 W. Kittyhawk

Cedar City, UT 84721

Phone: 435-865-5406

Please complete and return **BY APRIL 1, 2025, for county assistance.**
